# DEDICATED TO INNOVATION

# LEGENDARY SINCE 1947

SELECT Sport was founded in 1947 by Eigil Nielsen, goalkeeper for the Danish national football team, who devoted his life to create the perfect ball. The name of the company was given because of the exclusive leather that was specially selected for the ball production.

By producing many of the ball industry's groundbreaking creations such as the first laceless football, the first ball with 32 panels and balls made of synthetic leather, SELECT naturally became a trendsetter.

Back in 1951, SELECT signed a contract to supply balls for the Danish national football team, and in 1957 SELECT was appointed official supplier by the Danish Handball Federation. These partnerships have continued ever since and are some of the longest in the history of sport. A large number of agreements with both remarkable football and handball federations, clubs and players have since been made.

Today, SELECT is known as the ball specialist. Our footballs, futsal balls and handballs can be found in more than 50 countries, and we are the world's largest supplier of handballs. More than three million different SELECT balls are produced each year through a close cooperation with Anwar Khawaja Industries in Pakistan.

We have been developing balls for 70 years, and the passion for innovative craftsmanship still lives on in our daily work. Football, futsal and handball matches around the world are played with balls built on Eigil Nielsen's original principle of 32 panels, just as most balls produced worldwide are based on SELECT's inventions.

**1947** Eigil Nielsen develops his first football and SELECT is born.

**1951** SELECT presents the world's first laceless football.

**1962** SELECT presents the world's first 32-panel football.

**1972** SELECT presents the world's first 32-panel handball.

**1974** SELECT presents the world's first hand-sewn PU football.

**2012** SELECT presents the world's first intelligent football, the SELECT iBall.

**2017** The world's first resin free handball, Maxi Grip

**2018** SELECT presents the world's first intelligent handball, the SELECT iBall.

# WELCOME

SELECT is dedicated to innovation. Our founder, Eigil Nielsen, revolutionized the world of football with the world's first football made of 32 panels. Since then, more innovations have seen the day: the first ever handball with 32 panels, the world's first hand-sewn PU football, and the Ultimate iBall - the world's first intelligent handball. High quality is essential, and our ongoing mission is to continue our product development and create high quality products for all players.

We are now official match ball supplier in 15 of Europe's top football leagues, including several leagues in the United States. This year, we are welcoming Singapore Premier League – our first league in Asia. With these football leagues all over the world, our position as the number one league partner is clear. We are League's Choice.

One of our league partnerships is the German Bundesliga. 2021 will be the fourth year for our subsidiary, DERBYSTAR, as official match ball supplier in the Bundesliga and 2nd Bundesliga – ranked as one of the best football leagues in the world by FIFA.

We are the largest producer of handballs in the world and official match ball supplier to several associations, leagues and clubs worldwide. Our Ultimate iBall continues to add new insights into the game across Europe. Ultimate iBall is used in both Champions League FINAL4 and EURO finals for men and women.

We are expanding our clothing range with two lines – Baselayer and referee clothing. Baselayer is a range of functional underwear for sports with recycled polyester made from plastic bottles. Our new referee uniforms have been tested and developed in collaboration with football referees, and the quality and function focus is on mobility and comfort.

At SELECT, we are aware of our environmental impact and we are continuously focusing on possible sustainable efforts. We want to use more recycled materials in our production and strive for a production with the highest quality and the lowest possible environmental impact.

We have reduced our use of plastic in our Profcare Supports saving 300,000 polybags annually, we have cut the plastic amount used for our garment packaging by 50%, and we are now using recycled PET bottles in our new PLANET football, our PRIMERA football and our Baselayer underwear.

We are Player's Choice.

Welcome to our catalogue.

# THE ORIGINAL 32 PANEL BALL CONSTRUCTION

Every single football, handball and futsal ball from SELECT is based on the revolution from 1962, where our founder, Egil Nielsen, invented a ball made of 32 panels. The overriding desire was to create the most reliable ball with the most predictable, straight flight and a bounce neither too high nor too low.

It was impossible to make a perfectly round ball with just 18 panels, which was the standard construction of a ball in the past. With the 32 panels – 20 hexagons and 12 pentagons – SELECT succeeded in creating the roundest ball ever seen. Later, a group of American scientists won the Nobel Prize for discovering that the molecules of carbon with a special irradiation organize themselves as a completely round ball – something Egil Nielsen had already discovered and realized in his football with 32 panels, why the reinvention was named “the football molecule”.

A ball with optimum roundness is essential to obtain reliable aerodynamic – a straight flight and a controlled bounce. Our finest football, BRILLANT SUPER TB, has just been thoroughly tested in a wind tunnel at the Institute of Health & Sports Science at the University in Tsukuba, Japan. The results show that BRILLANT SUPER has a better aerodynamic than other top balls in the market. The ball’s classic construction with 32 panels means that the ball meets resistance at a later point in its trajectory through the air, thus retaining a steady, high speed over a longer period of time. This provides a stable and more predictable flight – highly valued by all football players.

The majority of our balls are still based on Egil Nielsen’s original invention of the 32 panel ball construction, as we never compromise on quality, playability or durability.

# THE OPTIMUM ROUNDNESS

A football with optimum roundness is essential to obtain reliable aerodynamics and superior playability.

Hidden behind the elegant exterior in many of our footballs in the Pro and Club series, is a specially developed Zero-Wing bladder made of high performance natural latex.

The Zero-Wing concept ensures a perfectly round and balanced ball, always maintaining its shape through impact, resulting in a straight flight and a controlled bounce.

# OFFICIAL LEAGUE MATCH BALLS

SELECT is official match ball supplier for the Danish national team, the Belgian league, the Portuguese league, The Bosnian and Herzegovinian league, the Romanian league, the Danish men's and women's league and first division, the Norwegian men's and women's league, the Finnish league, the Icelandic league, the Swedish league and first division including our newest addition Singapore Premier League.

Our BRILLANT SUPER ball is also supplied to a vast number of teams and federations around the world.

Furthermore, our German subsidiary DERBYSTAR is the official match ball supplier for the Dutch league and the German Bundesliga. The Bundesliga is ranked as one of the world's best football leagues by FIFA.

# HAND STITCHED

## - HIDDEN BEHIND THE ELEGANT EXTERIOR

Common to all our balls is that the quality is high and the durability long. An optimally round football consists of 32 panels made up of 12 pentagons and 20 hexagons. The 32 panels are sewn together using 630 double stitches and 60 corner stitches and are closed off – especially for SELECT – with a double knot. The ball lasts longer this way.

Hidden behind the elegant exterior of the balls in our Pro and Club Series is a Zero-Wing bladder made of high-performance natural latex. The concept has been developed to ensure that not only the ball but also the bladder is as round as possible. We solely use latex bladders in our footballs with build-in balance point at the opposite side of the valve hole. This, together with the Zero-Wing concept, ensures a perfectly balanced ball with a very lively bounce.

Ball size	Circumference	Normal weight	Light weight
3	60-62 cm.	320-340 g	280-310 g
4	63,5-66 cm.	350-390 g	290-320 g
5	68-70 cm.	410-450 g	350-380 g

To stabilise the ball and ensure that it remains round, the 32 panels are lined with several layers of textile material. The lining helps to adjust the softness and improves the contact between the ball and the foot.

The outer layer of the ball is made of synthetic leather in polyurethane (PU). The surface of this material can be either "shiny", "grain" or "pattern" and consists of lots of PU fibres. Combined, this gives a strong surface with consistent softness.

High quality is essential for SELECT. For this reason, each ball undergoes a stringent test at our production facilities in Pakistan. Here, they are tested for stitching, surface, roundness, circumference, weight, air retention and colour printing. Even the bladders are inflated to ensure perfect balance. Our standards for quality are the highest in the industry and the balls are of course tested and approved according to FIFA and IMS standards.

1. A SELECT ball will last for a very long time if these instructions are followed:  
1. Straighten the ball out as best as possible.

2. Shake the ball so that the bladder is hanging loosely and vertically beneath the valve hole.

3. Allow 1 - 2 drops of SELECT valve oil to drip into the valve hole. Remember to oil the ball regularly so that the valve doesn't dry out.

4. Inflate the ball with a SELECT pump. It is important that the bladder is in the vertical position as shown here. Always remember to use the nipple.

5. Use a SELECT pressure gauge to check if the ball has the recommended pressure (see recommendation on the ball).

6. Clean the ball with a brush and tepid water. Dry the ball with a cloth. Place the ball in a ventilated room with a temperature of 15 - 20°C.

### SUPER FIFA PRO

- One of our best footballs in high quality materials with a powerful look
- Specially developed microfiber synthetic leather combined with an opti-mized 3-layer underlining and a Zero-Wing latex bladder giving the ball an improved and more lively bounce - and an even lighter and softer touch than before
- An exclusive, textured surface for high friction and a stable flight
- The 32 hand-stitched panels ensure a stable flight and a perfectly round ball after thousands of kicks

**SEL071** Size 5 (FIFA)

Grass \*\*\* Artificial grass \*\*\*

### BRILLANT SUPER TB V21

- A new superior football made of carefully selected high quality materials with the characteristics of a classic SELECT ball
- The new 3D diamond structure of the surface material ensures an even more stable trajectory, optimized friction between ball and boot
- The bright white panels are made of a special material to ensure clear visibility
- The 32 panels are Thermo Bonded and takes up less water than hand-sewn balls thus keeping the original weight when playing on a wet surface
- Newly developed lining made of a 4 mm. exclusive foam material including a Zero-Wing latex bladder with built-in balance point opposite the valve hole

**SEL070** Size 5 (FIFA)

Grass \*\*\* Artificial grass \*\*\*

### CONTRA 3

- Training ball
- New design of our true value-for-money ball
- Made of PU synthetic leather
- 5-layer underlining for increased softness
- The latex bladder inside provides a nice and lively bounce
- The 32 hand-stitched panels ensure a straight flight in the air
- Double lock valve

**SEL076** Size 3

# SPONSORSHIPS IN THE WORLD OF FUTSAL

SELECT is official futsal ball supplier to a wide range of national teams, leagues and clubs worldwide. The best futsal leagues in Denmark, Latvia, Slovakia, Bosnia Herzegovina, Montenegro, Norway, Poland, Serbia, Sweden, Russia and Ukraine all play their matches with our futsal balls, including the best league in USA.

# FUTSAL BALLS

## HAND STITCHED - THE ESSENCE OF PERFECTION - LOW BOUNCE FOR OPTIMUM CONTROL

Common to all our balls is that the quality is high and the durability long. An optimally round futsal ball consists of 32 panels made up of 12 pentagons and 20 hexagons. The 32 panels are sewn together using 630 double stitches and 60 corner stitches and are closed off – especially for SELECT – with a doubleknot. The ball lasts longer this way.

Hidden behind the elegant exterior of the futsal balls hides a specially developed butyl bladder with polyester fibers inside. That ensures a very reliable low bounce compared to a normal football making it much easier to control. All our balls have a butyl valve inside covered by foam to avoid the bladder from puncturing when inflating the ball.

To stabilise the ball and ensure it remains round, the 32 panels are lined with several layers of textile material. The lining helps to adjust the softness and improves the contact between the ball and the foot.

The outer layer of the ball is made of synthetic leather in polyurethane (PU). The surface of this material can be either "shiny", "grain" or "pattern" and consists of lots of PU fibers. Combined this gives a strong surface with consistent softness.

High quality is essential for SELECT. For this reason, each ball undergoes a stringent test at our production facilities in Pakistan. Here they are tested for stitching, surface, roundness, circumference, weight, air retention and colour printing. Even the bladders are inflated to ensure perfect balance.

Our standards for quality are the highest in the industry and exceed FIFA's regulations for the best match balls. The balls are of course tested and approved according to FIFA and IMS standards.

	Circumference	Weight	Bounce	Approval
Futsal Super	62,5-63,5 cm.	410-430 g	55-65 cm.	FIFA QUALITY PRO
Futsal Master, Mimas, Samba, Speed,	62-64 cm.	400-440 g	50-65 cm.	IMS APPROVED
Futsal Attack, Street, Copa	62-64 cm.	400-440 g	50-65 cm.	
Futsal Mimas Light	62-64 cm.	350-370 g	50-65 cm.	
Futsal Talento 13	57-59 cm.	350-370 g	50-65 cm.	
Futsal Talento 11	52,5-54-5 cm.	310-330 g	50-65 cm.	
Futsal Talento 9	49,5-51,5 cm.	270-290 g	50-65 cm.	

### FUTSAL SUPER

- Preferred by numerous professional leagues, teams and players around the world
- New, colorful design for improved visibility and faster player reactions
- Exclusive developed PU material guarantees that the ball maintains its high quality and roundness after every kick
- Structured PU surface for optimal ball contact and control
- Specially developed butyl bladder with polyester fibers inside to ensure a perfect bounce, easy control and optimal air retention

**SEL370** (FIFA)

Size Senior

### FUTSAL SAMBA

- New, colorful design for improved visibility and faster player reactions
- Popular match and training ball made of high quality TPU material
- Foam underling makes it extra soft to kick
- Butyl bladder with polyester fibers inside to ensure a perfect bounce and easy control

**SEL374** (IMS)

Size Senior

### FUTSAL MASTER

- New, colorful design for improved visibility and faster player reactions
- One of our most popular match and training balls made of high quality PU material
- Special coated shiny PU surface for increased passing speed
- Butyl bladder with polyester fibers inside to ensure a perfect bounce and easy control

**SEL371** (IMS)

Size Senior

### FUTSAL ATTACK

- New, colorful design for improved visibility and faster player reactions
- A real value-for-money training ball
- Shiny PU surface for optimal durability and long lasting shape and size retention
- Butyl bladder with polyester fibers inside to ensure a perfect bounce and easy control

**SEL375** (IMS)

### FUTSAL MIMAS W

- Top seller for many years due to the perfectly constructed transition between the panels making it optimal round and easy to control
- New, colorful design for improved visibility and faster player reactions
- Durable PU surface with pattern for increased speed and long lasting performance
- Butyl bladder with polyester fibers inside to ensure a perfect bounce and easy control

**SEL372** (IMS)

Size Senior

### FUTSAL TALENTO 13

- New, colorful design for improved visibility and faster player reactions
- The biggest ball in the popular Futsal Talento range, which is specially developed for kids and juniors
- Made in cooperation with Brazilian futsal expert, Aroldo Strack, and the Golasso Select Futsal Academy
- Made of quality TPU-material and underlined with foam, which makes it extra soft to kick
- Double lock valve ensures a good air retention

**SEL377** Size Junior

### FUTSAL MIMAS Y

- Top seller for many years due to the perfectly constructed transition between the panels making it optimal round and easy to control
- New, colorful design for improved visibility and faster player reactions
- Durable PU surface with pattern for increased speed and long lasting performance
- Butyl bladder with polyester fibers inside to ensure a perfect bounce and easy control

**SEL373** (IMS)

Size Senior

### INDOOR SPEED

- Match and training
- An extra soft and pleasant football made of Soft Felt, which is the kind of material we normally associate with tennis balls
- The ball has a fantastic feel due to the combination of the special surface and the bladder, which is 20-30g. lighter than usual
- A double lock valve ensures that the football is airtight

**SEL378** Size 5

# SPONSORSHIPS IN THE WORLD OF HANDBALL

SELECT is the world's largest producer of handballs and official match ball supplier to a wide range of associations, leagues and clubs around the world. All tournaments by EHF have SELECT as official match ball – including the EHF Champions League, EHF European League and the European Championships. Our ULTIMATE is the official league ball in France, Poland, Russia, Iceland, Norway, Slovenia, Turkey and Spain and is used by many of the teams in the strong leagues of Denmark and Hungary. SELECT is also supplier to the national teams of Austria, Chile, Iceland, Lithuania, Portugal and Turkey and has been the Danish national team's preferred ball brand for over 50 years.

# HANDBALL

## HAND STITCHED - 360 DEGREES OF PERFECTION

Common to all our balls is that the quality is high and the durability long. An optimally round handball consists of 32 panels made up of 12 pentagons and 20 hexagons. The 32 panels are sewn together using 540 double stitches and 60 corner stitches and are closed off – especially for SELECT – with a double knot. The ball lasts longer this way.

Hidden behind the colourful exterior of the balls in our Pro and Club Series is a Zero-Wing bladder made of high performance natural latex. The concept has been developed to ensure that not only the ball but also the bladder is as round as possible. We solely use latex bladders in our handballs with built-in balance point at the opposite side of the valve hole. This, together with the Zero-Wing concept, ensures a perfectly balanced ball with a very lively bounce.

To stabilise the ball and to ensure it remains round, the 32 panels are lined with several layers of textile material. The lining helps to adjust the softness as well as the weight of the ball.

Ball size	Circumference
00	41-43 cm
0	46-48 cm
1	50-52 cm
2	54-56 cm
3	58-60 cm

The most important factor regarding the softness of the ball is actually a layer of neoprene foam, which is placed between the lining and the synthetic leather. The foam maintains its softness and elasticity match after match.

The synthetic leather used in our handballs consists of an outer layer of "grippy" PU with a backside of non-woven polyester fibre. In addition to this, the special fibre threads are inlaid in a crisscross fashion to ensure the strength and stability of the material. This ensures a ball with a perfect grip, optimal balance and extreme durability.

High quality is essential for SELECT. For this reason, each ball undergoes a stringent test at our production facilities in Pakistan. Here they are tested for stitching, surface, roundness, circumference, weight, air retention and colour printing. Even the bladders are inflated to ensure perfect balance.

# MAXI GRIP

SELECT MAXI GRIP has a unique, sticky surface without the use of resin.

This results in an excellent grip around the ball and less work in cleaning the floor; two major requirements from coaches and players in all age groups.

The surface of the MAXI GRIP handball is sticky when you catch the ball but leaves no traces of adhesives on your hand when you release it.

MAXI GRIP enables children, youngsters and arenas without a ban on resin to play with a ball that has an adhesive surface – a breakthrough in junior training and matches.

Product of the Year

## MAXI GRIP

- Match/ Training Ball
- A newly developed handball for youngsters with a unique sticky surface that provides excellent grip around the ball without the need of resin
- The surface is sticky when you catch the ball, but when you release it, your hand remains clean with no traces of adhesive and the ball does not leave traces on hands or sports floors. Under the surface, the ball has the well-known and highly renowned SELECT features
- The ball is made of soft and durable HPU material and when the stickiness goes, the player still has a high quality handball
- Tested by SGS and contains no harmful substances

SEL500 Size 0-1-2-3

**SPECIAL ORDER ONLY**

## MAXI REGRIP

- Prolong the grippy effect on the MAXI GRIP handball
- Excellent grip without resin
- Leaves no sticky marks on the hands or on the floor
- Contains no harmful substances. Further video instructions at [select-sport.com](http://select-sport.com)

# AN ANATOMICAL WORK OF ART

With the aid of an Anatomical Fit System the gloves have been designed with a slight bend according to the natural gripping position of the hand. Thus ensuring comfort, flexibility and movement of the glove in time with the speed of the fingers.

The top model 88 PRO GRIP has an elastic insert between the index finger and thumb for optimal freedom of movement. The back of the hand consists of 3 mm deep embossed soft latex in combination with a heat injection rubber pattern making the glove softer and more flexible than before. A wide wrist strap allows a feeling of stability and safety in the wrist.

The most important thing of all is of course, the palm. 3mm Adhesion Plus latex guarantees a perfect grip in all weather conditions.

The Negative glove cut is also made of latex to provide constant latex contact between the hand and the ball. The soft inner material provides optimum comfort, increases the glove's flexibility and ensures minimal water absorption when playing in wet weather.

## PERSONALIZE YOUR GLOVES

On all the gloves in our range, we have made space to print a name on the wide latex strap. Contact your local distributor for details.

## Types of cuts

### Negative Cut

A popular glove cut choice that reminds of Flat Cut. This style of cut also has gussets between the palm and the backhand. The gussets of the 88 glove are also made of latex giving constant latex contact between the glove and the ball. Negative Cut fits snugger and the fingers are held in place giving optimal ball contact when catching. This is the most common cut among professionals.

### Hyla Cut

Features the best aspects of a roll cut and a flat cut. Latex is rolled around the individual fingertips for a snug fit and feel combined with a flat style palm that gives the fingers increased comfort and breathability. The unique combination of fit and feel allows the user to have the great fit of roll finger combined with the flexibility of flat cut.

### Flat Cut

Traditional glove cut with a flat palm construction providing a larger area of contact and making the glove more flexible. This style of glove typically fits looser than many other styles with more room for the fingers. Flat Cut is the most popular cut used for finger protection gloves.

### Glove size

Measure the length of the hand as shown and find suggested sizes in the chart below.

## Latex technology

### Flexion Latex

Durable latex developed for youth gloves. Suitable for all weather conditions

### New Basic Latex

Durable latex with a fantastic grip in all kinds of weather that makes it suitable for both training and matches

### New Softy Latex

Soft and durable latex - suitable for all weather conditions. Highly recommended to pre-wet for best grip possible

### Dura Grip Latex

Soft and strong latex for all weather conditions. The latex is longlived and suitable for both training and matches

### Dura Pro Latex

Strong and durable latex especially suitable for use on artificial grass

### Elite Super Soft

High quality latex for professional matches. The glove has a perfect grip in all kinds of weather.

### Super Soft Latex

Very soft and durable latex, used for professional match gloves. Provides a good grip and optimum contact with the ball. Well-suited for all weather conditions.

### Ultra Pro Latex

Soft and hardwearing latex, especially developed for our best youth gloves, that combines durability with a fantastic grip. For all weather conditions.

### Nova Grip Latex

Top performance latex. Ideal for professional gloves. Provides a good grip in both dry and wet weather compared to other kinds of latex.

### Elite Soft Latex

Top performance latex with a good grip in all kinds of weather and great contact with the ball.

## Glove technology

### Anatomic Fit System

Ensures correct fit, as the glove is designed according to hands' natural grip position

### Punch Zone

In non-sliding material for increased force and reduction of the rotary effect on the ball

### Wide wrist

Extra wide wrist strap for improved support and comfort

### Comfort

Mesh on the inside of fingers to ensure good air circulation

### Flexibility

Injection mold spiderweb design for a light-weight feeling and increased flexibility

## Protection

### Fixed guards

For reinforcement and protection of the fingers

### Latex on fingertips

For stability and impact protection

### COMPRESSION TIGHTS

- Made of 80% Polyamide and 20% Elastane with anatomical fit
- Warmth and support
- 4-way stretch improves mobility and comfort
- Moisture wicking mesh insert on the lower back

**SELP004-26** Size 8, 10, 12, 14, XS, S, M, L, XL, XXL

### COMPRESSION T-SHIRT WITH SHORT SLEEVES (S/S)

- Made of 84% polyester and 16% elastane
- 4-way stretch provides greater mobility and comfort
- The T-shirt's antimicrobial properties prevent the formation of any odour
- The flat stitch makes it extremely comfortable to wear

**SELP001-26** Size S, M, L, XL, XXL

### COMPRESSION T-SHIRT WITH SHORT SLEEVES (S/S)

- Made of 84% polyester and 16% elastane
- 4-way stretch provides greater mobility and comfort
- The T-shirt's antimicrobial properties prevent the formation of any odour
- The flat stitch makes it extremely comfortable to wear

**SELP001-61** Size S, M, L, XL, XXL

### COMPRESSION SHORTS - WOMEN

- Made from 80% polyamide and 20% spandex
- A 4-way stretch provides increased mobility and comfort
- The flat seam makes the compression shorts very comfortable to wear

**SELP905-26** Size S, M, L, XL

### COMPRESSION SHORTS - WOMEN

- Made from 80% polyamide and 20% spandex
- A 4-way stretch provides increased mobility and comfort
- The flat seam makes the compression shorts very comfortable to wear

**SELP905-61** Size S, M, L, XL

### WRIST SUPPORT

- Wrist Support made of 4 mm. SBR-neoprene with double velcro-closure that ensures optimal support and provides warmth and relief to the wrist
- Placing the 3,8 cm. velcro-closure closest to the wrist will increase the support and reduce the flexibility
- Placing the 2,5 cm. velcro-closure closest to the wrist will increase flexibility and reduce support

**SELP6700** Size: XS/S, M/L, XL/XXL

### WRIST SUPPORT

- Wrist Support in 1,5 mm. SBR-neoprene
- Provides warmth and support. It stabilises and provides relief from pain caused by light strains and inflammation of the hand or underarm

**SELP702** One size

### WRIST SUPPORT

- Made from 4 mm. SBR-neoprene with built-in splint
- The support heats and compresses and supports the wrist when there is a lot of strain on it
- Choose between left and right

**SELP6701L** Size: XS/S, M/L, XL/XXL

**SELP6701R** Size: XS/S, M/L, XL/XXL

### SHOULDER SUPPORT

- Shoulder Support in 4 mm. SBR-neoprene with optimal fit
- Provides warmth and pain relief around the shoulder joint
- For overloaded shoulder or during rehabilitation

**SELP6500** Size: S, M, L, XL, XXL

### THIGH SUPPORT

- Thigh Support in 4 mm. SBR-neoprene
- Provides warmth, support and increases blood flow
- Suitable after strains and for rehabilitation of both front and back of thigh
- Minimizes risk of future injuries

**SELP6300**  
Size: S, M, L, XL, XXL

### KNEE SUPPORT WITH SIDE SPLINTS

- Knee Support made from 4 mm SBR-neoprene that gives heat and support. Opening at the kneecap
- eases the tension on the kneecap. Wrap-around method ensures a continuously good individual fit. Four Velcro straps give better support. The aluminium splints can be adjusted slightly at the ends by bending them.

**SELP6204** Size: XS/S, M/L, XL/XXL

### ELBOW SUPPORT

- Elbow Support with back in 4 mm. SBR-neoprene providing optimal warmth effect and front in 1,5 mm. SBR-neoprene ensuring flexibility in the joint
- Offers warmth and support to the elbow
- Suitable for strains and to minimize risk of future injuries

**SELP6600** Size: S, M, L, XL, XXL

### BACK SUPPORT WITH SPLINTS

- 4 mm SBR-neopren back support. Provides warmth, stability and pain relief for muscles of the back and loin. The support comes with removable splints and straps for added support.

**SELP6411** Size: S, M, L, XL, XXL

### BACK SUPPORT

- Back Support in 4 mm SBR-neoprene. Provides warmth, stability and pain-relief for muscles in the back and loin

**SELP6410** Size: S, M, L, XL, XXL

### KNEE SUPPORT

- Knee Support in 4 mm SBR-neoprene. Provides warmth and support to the knee. Back in perforated
- neoprene increases flexibility and breathability.

**SELP6200** Size: XS, S, M, L, XL, XXL

### OPEN PATELLA KNEE SUPPORT

- Open Patella Knee Support in 4 mm SBR-neoprene. Provides warmth and support to the knee. Back in perforated neoprene increases flexibility and breathability. Especially suitable for athletes who must avoid direct pressure on knee-shell. Aching tendons around the kneecap or pain from damaged cartilage on the inside of the patella are often relieved by using
- this type of knee support.

**SELP6201** Size: XS, S, M, L, XL, XXL

### CALF SUPPORT

- Calf Support with front in 1,5 mm. SBR-neoprene and back in 4 mm. SBR-neoprene ensuring considerable warmth to the calf as well as good support
- Increases blood circulation which helps soothe strains and over-exertions

**SELP6110** Size: S, M, L, XL, XXL

### ANKLE SUPPORT

- Ankle Support in 4 mm. SBR-neoprene
- Provides warmth, support and pain relief to the ankle joint

**SELP6100** Size: XS, S, M, L, XL

### ELASTIC WRIST SUPPORT

- For the support and relief of muscles and joints

**SELP574** One Size

### ELASTIC ELBOW SUPPORT

- For the support and relief of muscles and joints

**SELP572** Size: S, M, L, XL, XXL

### TENNIS AND GOLF ELBOW SUPPORT

- With double pressure points
- Relieves overloading of the muscle curve under the elbow
- Provides concentrated pressure over the muscle curve and relieves the tendon attachment of the forearm muscles

**SELP703** One Size

### ELASTIC THIGH SUPPORT

- For the support and relief of muscles and joints

**SELP576** Size: S, M, L, XL

### ELASTIC KNEE SUPPORT

- For the support and relief of muscles and joints

**SELP570** Size: S, M, L, XL

### ELASTIC KNEE SUPPORT WITH HOLE FOR KNEE CAP

- For the support and relief of muscles and joints
- The hole ensures that no pressure is put on the knee cap

**SELP569** Size: S, M, L, XL

### KNEE STRAP

- Knee strap with relieving pad
- Used for Schlatler Jumper's knee

**SELP357** One Size

### ELASTIC ANKLE SUPPORT

- For the support and relief of muscles and joints

**SELP561** Size: S, M, L, XL

- Bottle holder
- Several zipped compartments
- Contents not included

SELP959

## MEDICAL BAG LARGE W/WHEELS

- Large and durable first aid trolley
- Large compartment with divider in the top of the bag and a compartment below for extra storage
- Contains 50 l.

SELP959A

## HOT-COLD PACK

- The bag can be used for both cooling and warming
- The gel provides an optimal and long-lasting effect
- Ideal for RICE treatment.
- Reusable

SELP402

## ICE PACK DISPOSABLE

- Disposable bag
- Fantastic cooling effect
- Ideal for injuries at sports grounds, work and in the home

SELP402A

## ICE SPRAY

- Gives superficial and cooling relief, but cannot replace ice pack
- Note: Use with care, as it can cause frost bite on the skin
- Size 200 ml.

SELP401

## SKIN CLEAN

- Mild and gentle cleansing of the skin
- Disinfectant and bactericidal
- Suitable for minor mishaps such as abrasions and scratches
- Helps tape to cling better to the skin
- Contents: Water, Chlorhexidine 0,3%
- Size 100 ml.

SELP401A

## MUSCLE OINTMENT 2

- For more serious muscle and joint problems
- Has a greater heating effect and is used for difficult and/or old injuries
- Must not be used during the first 48 hours following an acute injury

SELP150 100 ml.

SELP150A 500 ml.

## MUSCLE BALM EXTRA

- Used before warming up, training and competition, where long-lasting heat and greater blood circulation are required
- Has a greater heating effect than heat ointment with camphor
- Reduces soreness and stiffness in the muscles
- Very suitable for massaging stiff muscles, also after sport
- Size 500 ml.

SELP150B

## HEAT OINTMENT WITH CAMPHOR

- Typically used before warming up, where it softens up stiffness in the muscles and skin
- Protects against wind and weather
- Skin-friendly with pleasant, thick consistency
- Large content of camphor
- May be used several times a day against sore and stiff muscles
- Size 500 ml.

SELP150C

## MUSCLE GEL

- Reduces stiffness and soreness
- For massaging stiff, overworked muscles
- Cool/heat exchange increases muscle stimulation
- Size 250 ml.

SELP148

## COOL DOWN ICE GEL

- COOL DOWN ICE GEL is a quick-acting, cooling gel with effective relief for stressed extremities
- Its instant cooling effect is ideal for care, massage and regeneration of stressed muscles after sports and exercising
- Is suitable for refreshing and general muscular tension
- The gel promotes recovery when used immediately after performance
- Size 150 ml

SELP401B

## BLISTER PLASTER

- Ultra-thin plaster that seems like a second layer of skin
- Protects the tender spot and provides optimum opportunity for healing
- Size: Includes 2 x small and 4 x medium
- Comes in packages of 6 boxes

SELP565

## ABSORBING PADS

- Absorbent and breathable pads for compression on bleeding wounds, short-term dressing and general wound care
- Suitable for abrasions and burns
- Absorbs liquid easily
- Soft and comfortable
- Provides protection against infection
- 25 sheets

SELP402B Size 7,5 cm. x 7,5 cm

## SCISSORS

- Scissors for cutting of tape and bandages

SELP852

**PROFCARE K**

- Comfortable and breathable tape that allows for unhindered movement
- Heals and prevents injuries from sport and improves blood circulation
- The tape provides support for the muscles and relieves tension in the muscles
- Provides constant compression
- Stays on for 3 - 5 days

- SELP803-26** black. Size 5cm. x 5m.
- SELP803-196** blue. Size 5cm. x 5m.
- SELP803-129** red. Size 5cm. x 5m.
- SELP803-000** beige. Size 5cm. x 5m.
- SELP803-002** pink. Size 5cm. x 5m.

**PLASTER**

- To cover skin injuries and wounds • With strong and reliable stickiness • Leaves no residue on the skin
- Good tensile strength
- Fabric: 100% Rayon

**SELP851** Size 6 cm. x 1m

**ELASTIC BANDAGE II**

- Suitable for support and relief from e.g. ankle/wrist sprains and distortions
- Stretches approx. 180% while maintaining its elasticity
- After repeated use, the binding loses some of its elasticity and supportive effect. When washed, the binding becomes resilient again.

**SELP853** Size 7,5 cm. x 7m.

**SELP854** Size 10 cm. x 7m.

**SUPREME SPORTS TAPE**

- Rigid strapping tape for high performance
- High tensile strength and very strong adhesive
- Non-elastic and provides maximum compression
- Porous adhesive allows the skin to breathe
- Easy to tear by hand
- Fabric: 100% Rayon

**SELP805** Size 3,8 cm. x 13,7m

**8-pack**

**SELP805P** Size 3,8 cm. x 13,7m

**PROSTRAP II**

- High tensile strength tape
- Non-elastic with very strong adhesive
- Easy to tear by hand length- and widthwise
- Fabric 100% Rayon

**2-pack**

**SELP807** Size 2,5 cm

**SELP807A** Size 4 cm

**COACH SPORTSTAPE**

- Standard tape with good adhesive effect

**SELP801** Size 3,8cm. x 9m

**STRETCH TAPE**

- Elastic and adhesive lightweight sportstape
- Allows the skin to breathe
- Provides good protection while maintaining mobility
- Apply on other bandages in the treatment of venous ulcers
- Latex-free, soft and comfortable
- Fabric: 95% Cotton, 5% Spandex

**SELP808** Size 5 cm. x 6,9m

**FIXING TAPE PROFCARE**

- Self-adhesive non-woven tape
- Used for fixation of wound dressings or as undertape
- Breathable and latex free
- Fabric: 60% Terylene Polyester, 40% Viscose Fiber

**SELP806** Size 5cm. x 10m

**STRETCH SOFT TAPE**

- Porous construction allows the skin to breathe and moisture to pass
- Superior stretch and retain properties
- Good conformability
- Fabric: 100% Cotton

**SELP809** Size 5 cm. x 4,5m

**SELP809A** Size 7,5 cm. x 4,5m

**COMPRESSION WRAP**

- Transparent film to keep Hot-Cold Pack and Ice Pack in place
- Easy to use

**SELP701A** Size 10 cm.

**MACURE FOAM TAPE**

- Adhesive, elastic protection tape
- Provides pressure relief for sensitive areas
- Latex free and water resistant
- Easy to tear
- 100% Tan PVC Foam
- 6-pack

**SELP701B** Size 5 cm. x 3m

### STRETCH EXTRA BANDAGE

- Elastic self-adhesive compression bandage
- Does not cling to the skin, only to itself
- Sweat and water resistant
- Hand-tearable
- Fabric: 95% Cotton, 5% Spandex

**SELP810** Size 8 cm. x 3m

**SELP810A** Size 6 cm. x 3m

### STRETCH BANDAGE

- Self-adhesive short stretch bandage
- Lightweight and elastic
- Easily torn and offers good compression
- Does not cling to the skin, only to itself
- Fabric: 95% Cotton, 5% Spandex

**SELP811** Size 5 cm. x 4,5m

**SELP811A** Size 7,5 cm. x 4,5m

**SELP811B** Size 10 cm. x 4,5m

### TRAINING ELASTIC BAND

- 2-pack resistance bands
- Blue: Hard resistance
- Red: Medium resistance

**SELP814A** (2 pcs.)

### FOAM TAPE

- Adhesive, elastic protection tape
- Provides pressure relief for sensitive areas
- Latex free and water resistant
- Easy to tear
- 100% Tan PVC Foam
- Single roll

**SELP812** Size 5 cm. x 3m

### PRE WRAP PROF CARE

- Pre-taping underwrap
- Designed for placement under sportstape to protect the skin from the adhesive
- The foam construction provides a soft, cushioned layer between skin and tape
- High elasticity
- 100% PU Foam
- Comes in 12 pack

**SELP813** Size 7 cm. x 20m
